These diplomas represent the stories of these young individuals who sacrificed their education, dreams, and lives in defence of their country against the russian invasion.

ABOUT UNISSUED DIPLOMAS: "Unissued Diplomas" is an international initiative launched by a group of young Ukrainians that sheds light on the tragedy of Ukrainian students who should have completed their studies and received their diplomas but had their lives tragically cut short by the Russian invasion of Ukraine. In 2023, the exhibition was organized in over 110 universities worldwide. This year, the exhibition will be presented in the Republic of Moldova and will include multiple universities across the country.
