Library Network Support Services

PARTNERS

Eastern Europe Partners of the LNSS Project are:

ARMENIA:

Public Administration Academy of the Republic of Armenia (PAARA)
Yerevan Brusov State University of Languages and Social Sciences
Goris State University

BELARUS

Academy of Public Administration under the aegis of the President of the Republic of Belarus
Belarusian State University
Brest State Technical University
Yanka Kupala State University of Grodno

MOLDOVA

Academy of Public Administration of Moldova
Alecu Russo Balti State University – Moldova

EUROPEAN UNION

Limerick Institute of Technology – Ireland
Transilvania University of Brasov – Romania
University of Crete – Greece
The Pyramid Group – Germany

ASSOCIATE PARTNERS ARE:

Electronic Library Consortium of Armenia - Armenia
REM. Moldova Library Consortium - Moldova
National Library of Belarus - Belarus

Library Network Support Services

GOALS

Efficiency of the library governance structure by creating the innovative potential and accessibility of libraries participating institutions in the Project. Elaboration of strategic plans and library policies.

Strengthening and modernizing libraries, raising the skills and abilities of library staff in Armenia, Moldova and Belarus by developing innovative libraries - an inherent partner for education, research and lifelong learning.

Elaboration the strategy library staff development focused on improving the quality and performance of libraries in line with international standards in the field, so as to improve the quality of library and higher education services in general, to increase their relevance to the labor market in society.

SPECIFIC OBJECTIVES

Implementing an innovative training program for trainers as part of the LNSS curriculum, with relevant and modern modules for the development of library staff by addressing urgent training needs in the 21st century.

Implementing a training system for librarians in order to know professional terminology in English.

Conducting training and seminars, professional workshops with the involvement of all stakeholders to exchange knowledge and experiences to improve the skills and abilities of librarians.

Developing and implementation of the Information Literacy course to help students to identify, locate, assess and use ethical and effective information both during formal and lifelong learning.

Creating a system for evaluating the professional skills of librarians

BASICS OF INFORMATION LITERACY

The Information Literacy is integrated into the content, structure of the national curriculum. In accordance with the Framework for Higher Education (cycle I - Licentiate Degree studies, cycle II - Master's Degree studies, cycle III - Doctorate), approved by Order of Ministry of Education no. 1045 of 29 October 2015 and USARB Senate Resolution of June 22, 2016, Minutes no. 17, in all the curriculum for higher education programs, the first year of study includes the Basics of Information Literacy course as a component of general skills and competences training, 30 hours (10 hours - in the first semester, 20 hours individual work– 1 ECTS.

The role of the teacher-librarian who promotes the Basic of Information Literacy Skills course has changed from a knowledge transmitter to a learning facilitator or mentor who is responsible for creating interactive learning environments.

Librarians use advanced technologies, eLearning courses, educational platforms, video slots, Kahoot knowledge rating software, Hypersay product - a solution for interactive presentations in Power Point, Creating online tutorials in Loom - Free software for screen and video recording .

USARB has several blogs: Library Dialog with User http://bs-usarb.blogspot.com/p/foto.html; BIN Blog - Northern Educational Libraries - addressed to over 600 librarians from schools, high schools, vocational schools, colleges); http://filialabrmbin.blogspot.com Professional Librarians Blog https://bsusarbprofesional.blogspot.com, Blog of the Romanian Information Center https://cirbalti.wordpress.com

▾ Proiecte

- Servicii de suport pentru reţeaua de biblioteci: modernizarea bibliotecilor în Armenia, Moldova şi Belarus prin dezvoltarea personalului bibliotecar şi reformarea bibliotecilor.

Termenul proiectului: 15/10/2015-14/10/2018

Scopul proiectului: consolidarea şi modernizarea bibliotecilor şi îmbunătăţirea nivelului de competenţe şi abilităţi a personalului de bibliotecă în Instituţiile superioare de Învăţământ în Armenia, Moldova şi Belarus, prin dezvoltarea de biblioteci inovatoare ca suport pentru educaţie şi învăţare continua.

- Modernizarea serviciilor bibliotecilor universitare din Moldova

Numărul proiectului: CPEA-2015/10014

Termenul proiectului: 03/2016-10/2019

Scopul proiectului: Modernizarea învăţământului universitar din Republica Moldova, prin modernizarea bibliotecilor universitare.

Cele trei obiective principale sunt:

1. Consolidarea capacităţilor bibliotecarilor din bibliotecile universitare, şi prin ei – a cadrelor didactice şi a studenţilor din instituţiile de învăţământ superior.
2. Crearea şi susţinerea unei reţele a bibliotecilor universitare din Republica Moldova, conectată cu bibliotecile universitare din întreaga lume.
3. Advocacy privind importanţa rolului bibliotecarului / bibliotecii în societate.

Each EU country is responsible for its own education and training systems. EU policy is designed to support the national approach to common challenges, including education, research, competitiveness and technological developments.

Achieving lifelong learning and mobility, improving the quality and efficiency of education and training, promoting equity, social cohesion and active citizenship, increasing creativity and innovation, including entrepreneurship at all levels of education and training - all of which can be realized with the contribution of the efficient and complex university library, as well as the work that takes place in Balti with the implementation and planning of the project within the Erasmus + program.

The products created - IR ORA USARB, the Digital library, USARB magazines on the SL site, the BIL course on the site, the tutorials, the ExLibris Primo electronic catalog, the recent acquisitions bulletins, on-line information and thematic exhibitions; access to more than 100 databases, bibliographic services - all contribute to distance learning, to the continuing professional development of real and potential users.

We believe that the support and training we have had from the international experts in Ireland, Romania, Greece, Germany, has largely influenced the good progress and success of the Project.

Enhance the quality of studies by providing access to a wide range of databases, quality information resources; by training users on the Information Literacy; qualified librarians; improving the content and tools provided; the diversification of services in this project directly contributes to the development of modernized services, the reforming of libraries and the increase of the qualification of librarians.

This Project directly contributes to the development of modernized services, the reform of libraries and the enhancement of the qualifications of librarians. Today, in SL USARB 92% of librarians received proficiency degree, including 51% - the higher category. These teach the users providing them with quality conditions and information to be competitive on the EU market.

10 years will take place the NAD event- a marketing activity through which librarians, in partnership with the Rectorship, Faculties, the libraries of the national system, REM Consortium contributes to raising public awareness on libraries - the millennial treasures of civilization that change under the influence of internal and external factors, but remain always important and useful to society.

THE EFFECTS of PROJECT

SUSTAINABILITY

Every project generates positive effects both during the implementation period and many years after implementation

Academic LIBRARIES projects carried out in the Republic of Moldova, starting with supported by SOROS Foundation, TEMPUS Program, ERASMUS + Moldova's Partnership with Norway and Romania have invested in infrastructure, the effects of which are and will remain beneficial for many years to come.

Library Network Support

SOCIAL

- Effects on professional competitiveness
- Developing new relationships with users
- Increasing the number of users
- Diversification of services
- Increasing access to new upgraded services
- Safety information of the academic community
- Ensuring access for people with disabilities
- Major Implications in Quality Education

Library Network Support Services

Thank you!
