#### Observation Form

Confidentiality considerations: The purpose of the ASPIRE Observations & Evaluation is to maintain our goal of teaching excellence within the LNSS project, and to provide a venue for us to share teaching ideas and strategies with each other. In order for observations to be effective, it is crucial that we establish and maintain an environment of mutual respect and trust. Therefore, all critiques given on this form should be done in a constructive manner, and the row data gathered through our observations in each other's diasses and recorded on withis form is to be kept confidential. All faculty members are encouraged to share particularly effective teaching strategies with colleagues in department meetings, and also to share any difficulties so that we can all be engaged in cooperative problem solving. The department chair and the observer may use the insights gained through this peer mentoring process as a basis for preparing evaluations.
